

Skate Park Committee Notes from October 21, 2009

- Helmets are okay to wear, but the pads are uncomfortable. Wish it could be optional to wear pads
- Please go back to normal hours, extend the hours
- This used to be the hang out spot for the skaters in the summer and now we don't come
- We don't like the signing the waivers and paying the dollar. Some of our friends don't have money that day, so we decide to leave and skate somewhere else
- We stopped coming because of the pad rules
- The parties at the skate park would be a GOOD THING
- Skate sponsorships, contests, lessons for the beginners and skate camps would be fun, and a good idea
- Camps similar to Visalia and Woodward
- Maybe you could change the entrance to the street, so that there are not any problems with crossing the street in the parking lot
